EDUCATION

B.S.

Computer Science

Bob Jones University

📅 September 2014 - June 2018

📍 Greenville, SC

🎓 GPA: 3.8

SKILLS

- Computer System Building and Repair
- Hardware and Software Installation
- Diagnostic Software Utilities, Remote Access, Networking, Computer Management
- CNNs
- LSTMs
- PyTorch

WORK EXPERIENCE

Computer Scientist

Collins Aerospace

📅 December 2020 - current

📍 Remote

- Managed 100% of system and network procurement, installation, administration, and security
- Designed and implemented 4 new custom tools and methods to troubleshoot and modify 12 existing tools
- Developed and used computing environments for analysis
- Provided technical assistance in conducting 215+ interviews, searches, and other investigative and operational activities
- Drafted 40+ documents on technical and other professional matters in varying degrees of difficulty
- Utilized machine learning best practices to drive system automation, software quality, and development of 4 internal research teams

Machine Learning Scientist

Aeronix Inc.

📅 November 2019 - December 2020

📍 Greenville, SC

- Designed 17+ Deep Learning and Computer Vision algorithms to detect objects of interest, issues, and defects
- Developed and implemented 8 Machine Learning models and techniques to solve 11 business problems, saving \$56,000+
- Evaluated the accuracy and quality of 210+ data sources and designed models
- Maintained and improved skill proficiency levels within the modeling, technology, and industry best practices

Entry-Level Computer Support Specialist

Netalytics

📅 June 2018 - November 2019

📍 Greer, SC

- Analyzed 410+ computer and network-related problems reported by end-users
- Identified, troubleshooted, and resolved 360+ hardware, software, and network-related problems
- Established a new tracking system to log requests, monitor progress, track problem resolutions, and identify 100% of failure patterns
- Communicated with 12+ supervisors and managers regarding unresolved issues and inefficient tracking
- Maintained inventory of deployed, loaned, recycled, and stored IT equipment (over 3,000 units)
