Objective: Enthusiastic computer science graduate with a strong foundation in software development and a passion for solving complex problems. Seeking a challenging software engineer position to contribute technical expertise and innovative solutions to a dynamic team.

Education:

- Bachelor of Science in Computer Science
 - Prestigious University
 - Graduated: May 2020
 - Relevant Coursework: Data Structures, Algorithms, Software Engineering, Machine Learning

Technical Skills:

- Programming Languages: Python, Java, C++
- Web Development: HTML, CSS, JavaScript, React
- Databases: SQL, MongoDB
- Tools & Frameworks: Git, Docker, Flask, TensorFlow
- Operating Systems: Windows, Linux

Projects:

E-commerce Website (GitHub Link)

- Developed a full-stack e-commerce website using React and Node.js, enabling users to browse products, add to cart, and complete purchases securely.
- Implemented user authentication and integrated payment processing for a seamless shopping experience.

Machine Learning Image Classifier

- Created a Python-based image classifier using TensorFlow and Convolutional Neural Networks (CNNs) to recognize objects in images with an accuracy of 90%.
- Trained the model on a diverse dataset of 10,000 images across multiple categories.

Inventory Management System

- Designed and implemented an inventory management system using Java, SQL, and JavaFX for a local retail store.
- Streamlined stock tracking, order processing, and reporting, reducing errors by 20%.

Work Experience:

- Software Development Intern | XYZ Tech, Anytown, USA | Summer 20XX
 - Collaborated with a cross-functional team to develop and enhance features for a flagship software product.
 - Conducted code reviews, identified and resolved bugs, and optimized code for performance improvements.
 - Assisted in designing a new user interface, leading to a 15% increase in user satisfaction.

Leadership & Extracurriculars:

- President, Computer Science Club | Prestigious University | 20XX-20XX
 - Organized coding competitions, workshops, and guest speaker events to foster a thriving tech community.
- Hackathon Participant | Multiple Hackathons | 20XX-20XX
 - Demonstrated problem-solving abilities by developing innovative solutions in time-sensitive environments.

Awards & Honors:

- Dean's List | Prestigious University | Multiple Semesters
- Best Presentation Award | Computer Science Symposium | 20XX

Languages:

- English (Fluent)
- Spanish (Conversational)
